## MCALL MISSION MEETING.

Officers Elected—Reports Read by Secretary and Treasurer—An Address by Rev. Thomas S. Gulick of the Paris Missions.

A regular meeting of the New Haven branch of the McCall mission, held at the United church chapel yesterday afternoon, the annual election of officers was held, and reports from the secretary and treasurer were read. The officers elected were as follows, being nearly all re-elected:

President, Mrs. C. E. Bradley; vice president, Mrs. Robert Brown; secretary, Mrs. C. E. Cady; corresponding secretary, Mrs. C. E. Curtis; treasurer, Miss A. A. McAllister; managers, Mrs. Skinner, Center church; Mrs. F. Benedict, United church; Mrs. Robert Brown, College chapel; Mrs. P. B. Buckingham, Dwight Place church; Mrs. E. A. Anketell, Church of the Redeemer; Mrs. J. F. Burgess, Davenport church; Mrs. William Parsons, College street church; Mrs. J. Lee Mitchell and Miss Emma Ludington, Grand avenue Congregational church; Mrs. Botford, Humphrey street church; Mrs. D. M. Jones and Mrs. H. Landcraft, Second Congregational church; Mrs. P. T. Evans, First Baptist church; Mrs. Knox, Presbyterian church; auditor, Professor Brown.

The treasurer's report showed that the society had on hand \$856.25.

After the business had been transacted Rev. Thomas S. Gulick, who has preached in the McCall missions in France and Spain, delivered an address on the work which is being done there by this mission. He said that the work began in 1872 in an old building in Paris which had been a wine shop. Now there are 119 different stations in fifty-seven different cities.

Mr. Gulick then spoke of the testimony of the Protestant ministers in Paris as to the efficiency of the work. All of them concur in saying that the mission has taught the Protestant church in France how to reach the people.

Monsignor Pressense, who is a member of the French Academy, says that this system gives the people a most practical evangelical alliance.

The condition of the Protestants of France is most deplorable, as they are as a body poor, and have been oppressed long. Ninety-eight per cent. of the population of France is Catholic.

These have no Bible, are christened, married, and expect to be buried by the Roman church and this is all they know about it. Another reason why the McCall mission is doing such good work is because many people have withdrawn from all religion.

Mr. Gulick said that he had never seen a country show such deep seated scepticism as France. He closed with an appeal that in spite of the stringent financial condition, the funds to carry on the work be not reduced.

## COURT RECORD.

City Court—Criminal Side—Judge Cable.

James E. Eustace, theft from the person, continued until February 20;

Edward F. Devlin, theft, continued until February 20; Frank Ward, drunk,

judgment suspended, begging, sixty days in jail, indecent exposure, \$10 fine, \$5.70 costs; James Lynch, keeping

house of ill fame, three cases, discharged on two, \$30 fine, \$6.24 costs, assault with intent to commit rape, bound over to superior court under \$500 bonds,

lascivious carriage, discharged; Mary Kiley, industrial school complaint, committed; Ralph Lorrow and Antonio Lorrow, breach of the peace, continued until February 20; Richard H. Williams, non-support, continued until February 21; Deborah McGuire, industrial school complaint, continued until May 1; Patrick Lee, violation of Sunday law, continued until February 23;

Peter Snider, breach of the peace, continued until February 22; Herbert M. Ives, drunk and non-support, continued until February 20; William Loy, William Latham, May Coakley, Nellie Nichols and Klittle Ryan, lascivious carriage, \$7 fine, \$3 costs each; Thomas J. Griffin, policy playing, continued until February 21; Joseph Frey, policy playing, continued until February 20; Frederick Nistrin, capias, excused.

Common Pleas Court—Civil Side—Judge Hotchkiss.

In the Adamant Plaster company vs. Edgar Hemingway the jury rendered a verdict for the plaintiff to recover \$205 and costs. W. P. Bostwick had the contract to build a house for the defendant. The plaintiffs claim that the defendant gave them the job of plastering the house with Bostwick's consent. The defendant claimed the plaintiffs contracted with Bostwick and that he had paid Bostwick for the plastering and that he ought not to pay twice over. The case was hotly contested for about three days and a good deal of interest was taken in it by the people of Fair Haven and Montrose.

Arvin and Chapman for the plaintiffs, Goodhart for the defendant.

In the afternoon the trial of the replevin suit brought by W. H. Barnes of Stony Creek against H. S. Holcomb, trustee of the insolvent estate of S. H. Thatcher & Son, boat builders, to recover possession of a naphtha launch, was begun and is still on trial.

Common Pleas Court—Criminal Side—Judge Studley.

Court opened at 11 a. m., Mr. Arvine prosecuting in the absence of Mr. Gunn.

Patrick Hogan of Ansonia was tried before the jury for selling liquor without a license, convicted and fined \$50 and costs.

During this criminal term Attorney Asher has filed several demurrers to complaints drawn by prosecuting agents for the offense of selling liquor on election days. An amendment to the statutes, which the prosecuting agents have overlooked, makes the offense consist in the sale of liquor "to be drunk on the premises." These complaints failed to allege this, and the cases went out on Mr. Asher's demurrers.

Court Notes.

In the superior court yesterday afternoon was begun the suit of John Ward against the Metropolitan Life Insurance company to recover \$1,000. Ward's father, Patrick Ward, was insured for \$1,000 in the company and when he died recently the company refused to pay the policy claiming that when Ward was insured he concealed certain things from the medical examiner. Ward died of consumption, but the insurance company claim that the primary cause of the consumption was injuries received previously, and that he concealed the fact that he had been injured when being examined for the policy. The case is still on trial.

The suit of Attorney John A. Doolittle against the Edgewood Street Railroad company to recover \$1,500 damages for injuries done to his horse and carriage last summer has been withdrawn from the docket of the superior court, a settlement in the case having been made.

Wife—Oh, George, can it be true? I was told you were intoxicated last night. George—What a calamity! Who has dared to say such a thing? Wife—Why, Mr. Smith told his wife so. George—Mr. Smith! Why, he was worse than I—Sheffield Week.

## A CHASTLY DISEASE.

Different Doctors Give It Different Names.

The Result Always the Same.—Speedy Death.—Until Recently, Considered Hopeless.—Now, New Methods, Salvation.

Nothing is more alarming than diseases of an ulcerous nature. A continual gnawing away of life-generating tissue, until a vital spot is reached, an artery is severed, or from sheer weakness death ensues.

Especially in Gastritis—ulcers of the stomach—is terrible suffering experienced. The symptoms, though not at first alarming (seemingly a slight attack of indigestion), gradually become worse, so that no nourishment can be retained on the stomach, and unless the troubling ulcer produces death by perforation, the patient.

Dies of Starvation.

In Consumption, where the ulcers attack the lungs, the termination is very similar, as it is, in fact, in any of the wasting diseases, to which are given various names, according to the organs affected.

By the methods of physicians of to-day thousands of lives are being saved in cases that a few years ago were considered hopeless. The first step now taken to effect a cure is to make new blood and tissue, give the patient strength, and keep him "on the gain" by administering Bovinine.

Bovinine is not a medicine, but a greatly concentrated extract of the most vital elements of lean raw beef. The life-sustaining qualities of this wonderful preparation are simply marvellous. Dr. A. M. Cook, of New Castle, Pa., states that he maintained life in his wife, while suffering from gastric ulcers, for three weeks without giving her anything through the mouth, injecting Bovinine instead.

With such results as this, it is not to be wondered at that Bovinine is endorsed by physicians everywhere, and has become recognized as the greatest factor in saving life, hastening recovery from sickness, and warding off disease, ever given to man.
